The Executive Director and building administrators shall be responsible for ensuring that the plan is implemented in each school and evaluated on an annual basis, and after each incident when the plan is used. It is understood that specific procedures may vary from school to school due to differences in school facilities and the ages of students.

At the request of any Board member or full-time school employee, the Board shall form a steering committee composed of school employees, Board members, parents, and others.

A majority of the school employees must be chosen by the local representatives of the applicable bargaining unit if the school employees are covered by a collective bargaining agreement. The steering committee shall regularly review and refine the comprehensive health and safety plan crisis response plan.
